

Regulation about battery handling

Please, note that the disposal is expressly forbade by batteries or accumulator see about the domestic waste. With us bought batteries you can send back after use at the following address by post on our costs to us or return at an official collective place in your nearness.

The batteries or accumulator see which pollutants you can contain by the fact recognise that these are marked with the symbol of a crossed out garbage metric ton. Under this garbage metric tons symbol the chemical name of the pollutant, "CD" is for cadmium, "Pb" for lead or "Hg" for mercury.

These tips still are once in the instructions of the consignment of goods or in the operating instructions of the manufacturer.
